NAWAF AHMED

PRODUCT DESIGNER

CONTACT

n.ahmed@alustudent.com

FOCUS

- Product strategy
- Interaction design
- Design systems
- Prototyping

APPROACH

Systems-minded.
Evidence-led.
Built to ship.

PROFILE

Complex products. Clear decisions.

I shape digital products around the decisions people actually need to make, then carry the details through to a coherent, shippable system.

SELECTED CONCEPT STUDIES

01

Relay

WORKFLOW DESIGN / SYSTEMS THINKING

Turns scattered operational handoffs into one calm, accountable workflow.

02

Ledger

INFORMATION ARCHITECTURE / B2B PRODUCT

Makes dense review queues legible before a user opens a single record.

03

Wayfinder

SERVICE DESIGN / INCLUSIVE DESIGN

Compares routes by confidence and effort, not only arrival time.

PORTFOLIO RESUME / CONTENT NOTE

Replace this concept profile with verified experience, education, and dates before external use.
